You should monitor your new pets behavior for the safety of your family as well as your new pets welfare. It is your responsibility to keep each of your pets current on vaccinations and registrations as required by law. Your pet must have identification while outside the home. There is a remote possibility that your new pet will bring home contagious diseases that could infect your other pets. If you decide that your new pet cannot continue living at your home you must notify HSforBC to allow us reasonable time to arrange for foster placement. You agree to hold HSforBC and it agents harmless for any loss or injury caused by, but not limited to, actions and statements pertaining to this adoption. Your signature confirms that you have read and understand the terms and conditions of this adoption. I certify that the above information is true and correct to the best of my knowledge.
